Etiquette for Bowls

- Never walk across the green when players are bowling.
- Never walk along the pathway when people are bowling towards you. Always stand still until they have bowled.
- You should not shout on the green and where possible use hand singles. If you have something to say wait until you cross over.
- Always have your bowl in your hand so you are ready to bowl when it is your turn.
- Do not sit or stand on the edge of the green as it damages the green.
- Never talk to your opponents bowl. It is highly frowned on.
- When a player is preparing to deliver a bowl, those at the delivery end should stand well behind and remain still and silent so as not to distract the player.
- When the bowler at the opposite end is on the mat and about to bowl, players should stand absolutely still to avoid distraction.
- Mobile phones are to be silenced or switched off and are not to be used at any time while on the green and playing.

***And remember – if you talk before you bowl,
you will bowl a bad bowl.***
